Amy Musgrave
Company Secretary
Carbon Conscious

Carbon Conscious Ltd – Background

Carbon Conscious operates plantation forests by utilising low productivity or degraded farm land in low rainfall areas to plant Mallee Eucalypt trees, a native species perfectly adapted to the growing conditions of the Australian wheat-belt. This creates large scale carbon estates, which produce carbon offset credits for the Commonwealth Government's Clean Energy Act 2011 and under the Carbon Farming Initiative. Carbon Conscious Limited was listed on the ASX in May 2008, and currently has over 8,000 hectares of Mallee Eucalypt trees under management in Western Australia and operates extensive plantations in New Zealand. For more information, see www.carbonconscious.com.au.
